“Zoom makes it easy to get onto a quick call. Even in our original conference rooms, the Zoom Conference Room Connector allow employees to enter into a meeting using the Zoom ID.”

Fabian Bellino

Technology Consultant Manager

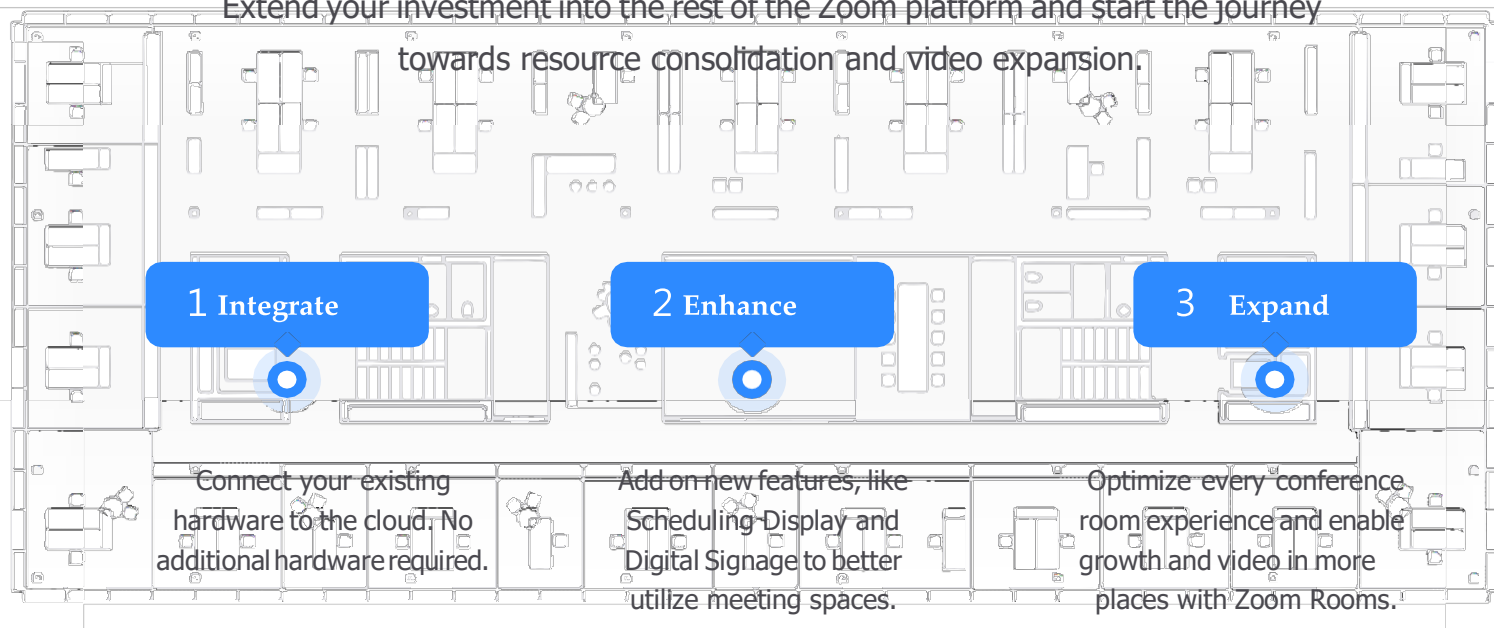

- Polycom native integration**  
Zoom and Polycom have partnered to provide a native integration for Polycom Debut and Group Series room systems.

- No additional hardware or controller required**  
Leverage your existing investment and connect up to 500 video participants or 10,000 view-only attendees on a Zoom Meeting or Video Webinar.

- Cisco native integration**  
Zoom provides native integrations for Cisco C, SX, DX, MX Series as well as the Cisco Webex Room Kit (previously SparkRoom).

- Calendar integration**  
Office 365, Exchange, and Google calendar integrations support room booking, room status, upcoming meetings list, and more.

Extend your investment into the rest of the Zoom platform and start the journey towards resource consolidation and video expansion.

# Make office-wide communication and branding easier than ever.

With a minimum of one Zoom Rooms license, you can enable unlimited Digital Signage as a value-added service for no additional cost.

## Digital Signage

Zoom Rooms Digital Signage service offers an easy online content management platform through the Zoom Admin Portal that gives organizations the power to manage corporate communications across all their displays.

- + Schedule, manage, and upload content from a central Zoom Admin Portal
- + Leverage conference room displays for content when the rooms are not in use
- + Manage displays at scale or individually decide what content to display
- + Unlimited amount of displays supported (both in and out of conferencerooms)

# End scheduling headaches for good.

In addition to Digital Signage, a single Zoom Rooms license enables unlimited Scheduling Displays as a value-added service for no additional cost.

## Scheduling Display

Make scheduling conference rooms easier than ever, with a beautiful display that provides room availability information and capabilities to book a meeting for any available time of that day.

- + Optional setting for automatic room release if not checked in to—for optimal room utilization
- + Integrates with Office 365, Outlook, and Google Calendar for effortless resource scheduling
- + Supports both iPad and Android tablets so you can choose the hardware that suits your needs
- + Displays can be used with any room listed in your calendar, large and small
